

Manage the value of **SAP** like never before!

## SOLUTION OVERVIEW

PERFORMER FOR SAP® is the value-based management platform for SAP® solutions. PERFORMER FOR SAP® allows decision-makers to identify, justify and factually govern their investments maximizing the value for their company.

*"I was very impressed with the results delivered by PERFORMER FOR SAP®. The platform is able to analyze our processes and propose factual and relevant recommendations without any specific configuration, using very few internal resources and in record time. This is undoubtedly one of the key innovations in the SAP ecosystem."* **Patrick Ebel, Deputy Director, SITel, Canton of Fribourg, Switzerland.**
